

CBD OIL

Cannabidiol - **CBD OIL** - is from the Industrial Hemp plant (not the Marijuana plant) It has significant nutritional benefits, but does not make people feel "stoned" and can actually counteract the psycho-activity of THC (the psychoactive ingredient in marijuana).

CBD OIL is an option for patients looking for relief from inflammation, pain, anxiety, psychosis, seizures, spasms, and other conditions without the disconcerting feelings of lethargy or dysphoria, or negative and dangerous side effects of opioids.

Scientific and clinical research - much of it sponsored by governments - underscores **CBD's** potential as a treatment for a wide range of conditions, including: arthritis, diabetes, Multiple Sclerosis, chronic pain, schizophrenia, PTSD, depression, epilepsy, Parkinson's, Fibromyalgia, Chron's Disease, Insomnia, Autism, Irritable Bowel Syndrome, Migraine Headaches, anxiety (in both humans and animals), and many more syndromes

CBD OIL has been used to handle antibiotic-resistant infections, to reduce blood sugar levels, reduce nausea and vomiting, reduce seizures and convulsions, reduce inflammation, reduce risk of arterial blockages, inhibit cell growth in tumors and cancer cells, treat psoriasis, used to manage psychosis, suppresses muscle spasms, relieve anxiety, promote bone growth, reduce intestinal spasms, inhibits nervous system degeneration.

CBD OIL has demonstrable neuro-protective and neurogenic effects, and its anti-cancer properties are currently being investigated at several academic research centers in the United States and elsewhere. There are over 50,000 medical studies world-wide that PROVE the effectiveness of CBD products on human (and other mammals) ailments. It does all this with NO SIDE EFFECTS and is legal in nearly all states.

SEEDS OF LIFE is the best source for U.S. grown & processed **CBD OIL**. All our **CBD** products (oils and capsules) are 100% organically grown, extracted from Industrial Hemp using Co2, non GMO and **GROWN IN THE U.S.A.** We have no middlemen, no MLM pricing - we deal directly with the farmers!

Oil of Oregano

How to Use our 100% pure Oregano Oil

ACNE OR OTHER SKIN PROBLEMS

Oil of Oregano has been used to treat acne; remove keratosis; to destroy foot, finger, ear, nail and leg fungus and eczema. You may apply either diluted or pure **Oil of Oregano** directly to affected spots once daily; use more often if necessary. It will burn or sting and will leave a red mark, but that shows the destruction of the infection. The burning sensation goes away after about 10 minutes. **DO NOT TOUCH THE TREATED AREA!**

DANDRUFF/SCALP DISORDERS

Take a bottle of approximately 8 oz of **ANY** shampoo. Pour entire contents into a glass bowl. Add 10 to 20 drops of **Oil of Oregano** to your shampoo. Mix thoroughly with a metal spoon. Pour mixture back into shampoo bottle. Shampoo normally, allowing the lather to sit on your hair for a few minutes, then rinse. **DO NOT GET IN EYES!**

GINGIVITIS/GUM DISEASE

Use a drop of the diluted **Oil of Oregano** (see bottom of page on how to dilute) on your toothbrush instead of toothpaste. Rub on gums and teeth. Apply once or twice daily.

WARTS/BOILS

Coat affected area with **Oil of Oregano**. Cover with a bandage. Repeat every day until warts are gone.

SINUS/EMPHYSEMA/CONGESTION

The vapors from the **Oil of Oregano** can be inhaled to clear your throat and nasal passages of viruses, bacteria, and fungi. Put 1/2 cup of boiling water in cup. Put 2 to 3 drops of pure **Oil of Oregano** in cup. Stir briefly. Cover mouth/nose and cup with towel. Breathe the steaming vapors deeply. As well, place 5-10 drops of the diluted mixture under your tongue each morning. **Oil of Oregano** is assimilated 10 times faster this way (as opposed to our **Oregano Oil Gelcaps** or **Oregano Capsules**, which assimilate via your digestive tract), though it **WILL** burn lightly and taste funny!

INTERNALLY

Taken internally, **Oil of Oregano** is highly effective against a wide range of yeast, fungi and bacteria. It also kills internal parasites and viruses. **IT MUST BE PROPERLY DILUTED FIRST!** (See below)

FOR EARACHE:

Put 2-3 drop of the **DILUTED** mixture on a Q-tip, put in ear that hurts, "swirl", then use the dry side to wipe the excess out of the ear. Do **daily** until earache is gone. For **SORE THROAT** and **just not feeling great** (sort of "cold" or "flu" symptoms), use diluted mixture **EVERY HOUR** until pain or not feeling great is gone. **Works fast.**

HOW TO DILUTE

Use **EXTRA VIRGIN OLIVE OIL** to dilute our 100% pure **Oil of Oregano**. Find yourself an eyedropper bottle made of glass (we sell a 1 oz hospital grade dropper bottle for \$3.00 each). Fill mixing bottle with the Oregano oil about 1/4 to 1/5, then add the Extra Virgin Olive Oil to just before the neck. Gently shake. Let sit about an hour. I put 6-10 drops of this mixture **under** my tongue, let it sit there for a 5-10 seconds, then wash it down with about 2 oz. of water.) This is the perfect mixture to take internally.

WARNING!

Oil of Oregano is a **HOT** spice. It is one of the strongest essential oils in existence! **NEVER APPLY UNDILUTED OIL OF OREGANO TO MUCUS MEMBRANES**, like the eyes, the genitals, the anus, the armpits, your mouth, inside the nose, etc., and *be careful* when using full strength on the skin.

1 oz. bottle Oregano Oil (undiluted) - \$25.00

90 Gelcaps - \$20.00

1 oz glass eyedropper mixing bottle - \$3.00
