

Colloidal Silver

Mother Nature's Antibiotic

Colloidal Silver has been used as treatment for infections for over 100 years. It was the standard in treatment up to about 1930, when "Big Pharma" took control of the medical community. Our **Colloidal Silver** is simply the highest quality microscopic silver particles, suspended in purified, distilled water, available on the open market.

Tasteless and colorless. Stores for years. Can be used by anyone, including pregnant mothers and children. Our **Colloidal Silver** particles are 1/2 the size of a virus, so they do their work, then leave your body within three days. Will NOT form deposits or build up in your body.

TOPICAL: Most skin disorders are systemic (in blood). So, for best results, always take internally when using topically, because what's "outside" is also "inside".

Ear infections, scrapes, acne, warts, athletes foot, bug bites, poison oak, Irritated eyes, abrasions, cuts, burns, pink eye, sunburn, deodorant

Colloidal Silver has been successfully used against hundreds of different health disorders.

Pneumonia	throat	flu	allergies	colds & sore	chronic fatigue	diabetes
sinus infections	arthritis	ulcers	gonorrhea	hepatitis	yeast infections	syphilis
bladder infections	hay fever	herpes	ear infections	lyme disease	swollen prostate	hemorrhoids

Laboratory tests prove destructive bacteria, virus and fungus are killed within minutes of contact with a silver colloid. They all breathe the same way, hence, they all die the same way - quickly!

DENTAL HYGIENE:

receding gums, pyorrhea, gingivitis, sore throat, bleeding gums, canker sore, bad breath

INTERNAL - Drink at least (1) ounce daily for disease prevention, immune system/energy booster, and digestive aid. Swish and gargle daily dosage for all dental benefits.

If you are not feeling well, increase amount to (4) oz. twice/day. Put (1) oz./quart in a steam atomizer and inhale for 3-5 minutes.

TOPICAL - Spray over large areas, let dry, repeat as necessary. Keep band-aid moist for small areas. (Warts, moles, cuts, etc.)

PETS - Put (1) tablespoon per quart in their drinking water.

PLANTS - Water with (2) ounces per gallon & spray on leaves.

OTHER - Surface disinfectant = (4) oz/qt. Canning = (1) tbs/quart. Colonic = (2) ounces/gallon.

Douche = (1) ounce/pint

1 quart bottle - \$25.00
1 quart bottle ULTRA SILVER - \$45.00
2 gal. container - \$130.00
5 gal. container - \$200.00

8 ounce gel - \$25.00
 (skin/sunburn treatment)

1/2 ounce pocket spritzer - \$1.50

ALWAYS CONSULT A PHYSICIAN WHEN ILL
Colloidal Silver is NOT a "cure all", so don't treat it as such.

Colloidal Minerals

Colloidal Minerals liquid is a multi-mineral extraction derived from a natural sedimentary deposit of organic origin. The minerals are in combination and balance as produced by nature. **Colloidal Minerals** have been used for over 70 years.

Colloidal Minerals are the most complete mineral supplement available.

Colloidal Minerals supplies the body with many natural minerals that are necessary to help build resistance to infection and to help the body heal itself. The source of Colloidal Minerals was discovered in 1926 by Thomas Jefferson Clark in Utah, and has been sold by the Clark family since then.

Our Colloidal Minerals are from the only authentic source: the Clark family in Utah!

As a mineral supplement: Add 1-2 ounces **Colloidal Minerals** to juice. Take 1-4 times daily. **As an douche:** Use 3 oz. **Colloidal Minerals** in 1 quart lukewarm water. Hold it in for 30 minutes. Continue douching between periods as long as necessary to clear up the condition.

As an enema: Use 1 oz. **Colloidal Minerals** to a pint or quart of water.

For the nose: Put the **Colloidal Minerals** in your own nasal sprayer and use.

For sore throat: Gargle with the **Colloidal Minerals** straight. (Yes, it tastes yucky, but it WORKS!)

For tooth ache/abscess: Use **Colloidal Minerals** straight. Hold in covering the affected area.

Following is a list of suggested first aid uses:

burns	sprains	cuts & abrasions	shingles	wounds
mosquito bites	bee and wasp stings	skin problems	diaper rash	dermatitis
rashes & hives	sun and wind burns	mosquito bites	blisters	psoriasis
bruises	inflammation	muscle soreness	eczema	acne
gum disease	mouth infections	livestock health	pets	plant food

Colloidal Minerals have been used in numerous **first aid** situations. For best results saturate a thin **white** cotton cloth with **Colloidal Minerals** and apply directly to the area. This helps draw the heat, swelling and inflammation out of the injured area which allows faster healing. (**Do not** use a colored towel, or cloth. The cloth must be white.)

For best results, keep at least a 30 minute contact. This can be done overnight and/or several times a day. Sometimes it is necessary to cover the cloth with plastic to keep the cloth moist for a longer period of time. Continue this process until the area is healed.

\$45 per gallon

\$15 per quart

Certificate of Analysis shows the following levels of **organic** trace minerals:

Note: The following trace minerals are naturally occurring, therefore exact amounts will vary from run to run.

Aluminum mg 170	Fluoride mg 0.10	Neodymium mg 0.10	Silver mg <0.009
Antimony mg .043	Gadolinium mg 0.03	Nickel mg 4.26	Sodium mg 36
Barium mg 0.43	Gallium mg <0.05	Niobium mg <0.05	Strontium mg 1.17
Beryllium mg 0.08	Germanium mg 1.06	Osmium mg 0.004	Sulfur mg 6909
Bismuth mg 0.008	Gold mg <0.001	Palladium mg <0.009	Tantalum mg <0.005
Boron mg 1.29	Hafnium mg <0.05	Phosphorus mg 0.27	Tellurium mg <0.05
Bromine mg 0.05	Holmium mg <0.009	Platinum mg <0.05	Terbium mg 0.005
Cadmium mg <0.001	Indium mg 0.032	Potassium mg 2.27	Thallium mg 0.99
Calcium mg 293	Iodine mg 0.029	Praseodymium mg <0.009	Thorium mg <0.009
Carbon mg 161	Iridium mg <0.001	Rhenium mg <0.009	Thulium mg 0.31
Cerium mg 0.13	Iron mg 662	Rhodium mg <0.005	Tin mg 0.13
Cesium mg 0.005	Lanthanum mg 0.52	Rubidium mg 0.014	Titanium mg 0.02
Chloride mg 18.5	Lithium mg 1.8	Ruthenium mg <0.09	Tungsten mg <0.09
Chromium mg. 0.09	Lutetium mg 0.0017	Samarium mg <0.05	Vanadium mg 0.004
Cobalt mg. 2.78	Magnesium mg 383	Scandium mg 0.015	Ytterbium mg 0.008
Copper mg 2.98	Manganese mg 11.2	Selenium <0.05	Yttrium mg 0.094
Dysprosium mg 0.008	Mercury mg <0.003	Silicon mg 24.9	Zinc mg 19.9
Erbium mg 0.07	Molybdenum mg <0.05		Zirconium mg 1.30
Europium mg <0.05			

Many of these trace minerals, though essential for human metabolism, would be toxic in their "inorganic" form. Our Colloidal Minerals, because of their organic composition, are safe for even children!
